## JOHN PHILIP SOUSA SNIPS OFF BEARD

We always thought temperamental lived in whiskers—but it appears not. John Philip Sousa has shaved his off—the whiskers, not the temperament.

The famous band leader is shown here before and after taking his snippers and razor in hand.

That's a figure of course. Chances are that some barber did it.

Looks stern and generalissimo-like, doesn't he? Well, he's leading a United States army band now, y'know.

## PITTSBURGH COAL

(Continued from page one)

prohibited now unless the storekeepers are citizens.

"The Oldest Miner."

William Prickett, of Bellview, who is one of the oldest miners in the community, being past 79, held his last mine job in connection with the opening of the Barnsville shaft. He was a pioneer mine foreman in the olden days, working with William Gaskill, who was the father of Neal and Charlie Gaskill. His first important coal work was at the West Fairmont mine of the first Watson Coal company, which was located near the mouth of Buffalo creek.

COAL NOTES.

Word was received in this city yesterday that a huge pile of coal belonging to the Milwaukee Gas company at Weeburg, Florida county, Kentucky, Elkhorn Coal company territory, had taken fire from spontaneous combustion and that the financial loss already sustained amounted to \$20,000.

E. M. Glikson, of Parkersburg, has been appointed inspector for this state to see that the federal explosives law is enforced. The inspectors in the other states in which Fairmont coal operators are interested are as follows: Kentucky, Thomas S. Rhea, Russellville; Ohio, Jasper S. Kinslow, Columbus; Pennsylvania, John W. Rittenhouse, Scranton.

A TIP FOR ALL FLAT-HUNTERS.

COLUMBUS, O., Nov. 21.—William Barnes' friends couldn't understand why he chose a flat far from a car line, with few conveniences and surroundings that cried out the need of a neater janitor. He had been offered

ed and up-to-date apartment in one of the nicest locations in the city at the same rent. That is, they couldn't understand it until he led them into the basement and pointed to the coal bin: "There's the reason—she's full up. The other place had about three tons in the bin."

TIME OF HEARING SET.

Justice Conaway today set the hearing on Arthur Moody, charged with bootlegging, for Wednesday afternoon at 2 o'clock.

## A SNOW STORM.

Shortly after 12:30 o'clock this afternoon snow began to fall in earnest. The indications were that it would continue throughout the afternoon because of the fine character of the precipitation.

## HOULT

Kisner Bros. have the tippie construction under way at the shaft of the Monongahela Powder Co's mine at Reta and the timber is beginning to go up.

If weather permits the Fairmont & Clarksburg Coal Co. expect to put up their tippie here this week.

The transportation problem has hit the Powder Company and unless they can get another car load of empty cars in a few days they will have to cease operations, having nothing to put the powder in.

This is good hog killing weather and many are taking advantage of it. Clarence Bowman, a B. & O. brakeman on the Smithfield run is at home on the relief as a result of slight injuries received in one of the B. & O's usual smash ups.

Mr. and Mrs. Nelson Wilson and two children of Downs spent Saturday night and Sunday visiting Mr. and Mrs. B. E. Wilson here.

## KIDNEY TROUBLE NOT EASILY RECOGNIZED

Applicants for Insurance Often Rejected.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes, medium and large. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Poughkeepsie, N. Y., for a sample bottle. When writing be sure and mention the West Virginian.
